

15th It has been raining all day. Ben took Pap over to Chester town. I have been right sick and taking medicine all day. I sent after medicine yesterday.

16th I am still sick. I went over to see the Dr. this evening. He gave me more medicine. Says I have taken a very ugly cold. I hope I will soon be better. This has been a cloudy and part of the time raining. Pap went to Church Hill and stayed to see Beckie but came back here. I got a letter from Rindys today.

17th I feel better today. I hope. Pap and Jimmie went up to Beckies. They are to stay until Friday.

18th I have been caring for peaches. I am still taking medicine but am better.

19th Well this is Paps birthday. May Charlie and Clement went up to Beckies with me. We spent a very pleasant day. I brought Pap and Jimmie home with me. He gave each of us girls \$1.00. I told him we ought to give him something but as peaches are scarce money is the same.

20th Pap and I started to Salem today. We are now at Delaware City waiting for the boat. It was raining this morning but has cleared off nice.
