

Monday Nov 7th

This has been a pretty day but is getting cloudy now, we got our washing done I am glad of it. Eddie went over to Chesterton this afternoon to work in the paper mill, I didn't like to see him go but he thought he would like to make some money for himself this winter, now that the work is most done here on the farm I will miss him, but I hope he will be a good boy.

8th

Well one day has passed since Eddie left and I miss him very much, this is Election Day Miss Nellie and I went to Church Hill with Ben this afternoon. The Ladies of the N. E. Church held a festival to raise money to pay for getting the parsonage repaired. They had a great many things given them and I expect they will do well, I only stayed a short time as Ben wanted to come home.
